

Spare parts and repair

Announcement of discontinuation

08.05.2019

Dear Partner,

HAAG-STREIT-SURGICAL products are designed for many years of use. As we develop products with a long life cycle we bear in mind the availability of spare parts. Service and repair parts are available for a period of at least 10 years after the date of invoice for brand-new products. The availability can not be guaranteed after the mentioned duration.

In the attachment the products which are out of factory repair service as of now or as of January 1st, 2020 are listed.

Please contact us for any additional information as well as for product replacements.

Manuela Sutter-Meler
